ERNEST L. WILKINSON, PRESIDENT

March 30, 1971

BEN E. LEWIS  
EXECUTIVE VICE-PRESIDENT  
D-364 SMOOT ADMINISTRATION BUILDING

Dr. Raymond Green  
45 South Main Street  
Heber, Utah

Dear <sup>Ray</sup> Dr. Green:

Some time ago you called me on the phone to get me to make an appointment with President Wilkinson so you people could come down to talk to him about your plans for the Heber Creeper. Unfortunately, at the time, President Wilkinson had a number of appointments out of the State that made his schedule such that he was not able to give me a commitment about when he could see you. On two or three occasions, tentative plans were set up and I was about to call you and then found that these had to be changed.

I recognize that some time has now elapsed and that this is a matter of unfinished business. It may be that what you had in mind at the time you called me has now run its course and that there would be no point in continuing to try to set up an appointment. On the other hand, if you and your group are still interested in coming, I am still willing to try to follow through with my end of the assignment in getting an appointment for you with President Wilkinson.

He has been under tremendous pressure the last few weeks, and I am aware that he probably will continue to be up until the time school is out. However, I will try to do what I can to be of assistance and if you could just drop me a note and let me know what your wishes are, I will follow through.

Sincerely,
